EDUCATION

Sant Longowal Institute of Engineering and Technology   Sangrur, Punjab
BE Computer Science and Engineering *GPA: 8.42*   2022 - 2026

Paramount Academy   Muzaffarpur, Bihar
12th Standard: *80%*   2018 - 2020
10th Standard: *89.6%*   2017 - 2018

EXPERIENCE

Trainee   *July 2024*
Solitaire Infosys Pvt. Ltd.
- Solitaire Infosys is an IT-based solutions provider located in Mohali, Punjab.
- At Solitaire Infosys, I learned Backend Development and gained experience in server-side technologies like MongoDB, Node.js and Express . Additionally, I developed some soft skills, such as teamwork.

PROJECTS

HireHub (Job Portal)   *React, Node.js, Express, MongoDB, Redux, Tailwind CSS, JWT, Cloudinary, Multer*   Web | Source Code
- Developed a job portal allowing recruiters to post job descriptions and candidates to apply, with secure authentication using JWT.
- Implemented recruiter features to manage job postings, review candidate profiles, and accept or reject applicants.
- Integrated Cloudinary for image and resume storage, and Multer for handling file uploads.
- Used Redux for state management and Tailwind CSS for a responsive, user-friendly UI.
- Built the backend with Express and MongoDB to manage job listings, user profiles, and applications.
- Ensured data security with bcryptjs for encryption and cookie-parser for secure session management.

PropertyPlus (Real Estate Platform)   *React, Node.js, Express, MongoDB, Redux, Mongoose, Tailwind CSS, JWT*   Web | Source Code
- Developed a real estate platform allowing users to post properties with images, descriptions.
- Implemented user authentication with Google OAuth and JWT for secure sign-up and login.
- Created messaging functionality enabling users to contact owners directly through the platform.
- Utilized Firebase for authentication and image storage, ensuring smooth user interaction and media management.
- Built frontend with React, Redux, and Tailwind CSS for a responsive, engaging user experience.
- Developed backend services with Node.js, Express, and MongoDB to manage property listings, user profiles, and messages.

SKILLS AND INTERESTS

Programming:	C, C++, JavaScript
Development:	Full Stack Web Development (MERN Stack)
Technologies:	React.js, Node.js, Express.js, MongoDB
Tools:	Git, GitHub, npm, Postman, Visual Studio Code, Render
Frameworks:	Redux, Mongoose, Tailwind CSS
Concepts:	RESTful APIs, JWT
Others:	Leadership, Team Work, Communication

ACHIEVEMENT

Data Structures and Algorithms
- Solved 300+ problems on LeetCode   LeetCode (abhi_541)

POSITION OF RESPONSIBILITY

SSDC(Sliet Software Development Club)
- Member of the organizing team for web development workshops.
- Collaborated with team members to plan, coordinate, and execute events, enhancing the skills of over 50 participants per workshop.
